

Cheaper Central Heating Installation With The World Cup

Midlands Gas Installations are offering customers a £15 refund on their Central Heating and Boiler Replacement Installation for each goal England score during the World Cup.

June 15, 2010 (FPRC) -- Midlands Gas Installations are offering customers World Cup savings on their Central Heating and Boiler Replacement Installation during the World Cup. For each goal England score in the World Cup Midlands Gas Installations will refund £15 for each Central Heating System or Boiler Replacement purchased in full before the end of the World Cup.

Midlands Gas Installations, one of the leading suppliers of Central Heating, Boiler Replacement, Boiler Service and Boiler Repair across the Midlands and Yorkshire are offering customers a fantastic way to save money on the Central Heating installation during the World Cup.

Midlands Gas Installations will be offering customers a £15 refund from the price of their Central Heating installation or Boiler Replacement for each goal scored by England during the World Cup.

The Central Heating system or Boiler Replacement must be ordered and paid in full before the 11th July 2010 in time for the World Cup final, with the central heating or boiler replacement being installed before 31st July 2010.

In addition to this offer, Midlands Gas are still offering customers a £400 boiler scrappage discount as standard – but the above offer cannot be combined with any other central heating or boiler replacement offer.

Further details can be found here [World Cup Central Heating Boiler Replacement](#)

Midlands Gas Installations only offer SEDBUK A-rated Central Heating boilers, and a new Central Heating System ordered from Midlands Gas Installations could save you upto £2,545 over 5 years.

Midlands Gas Installations offer a comprehensive range of central heating boilers and additional central heating boiler warranties. From our base in Nottinghamshire we are ideally situated to offer Central Heating, Boiler Replacement, Boiler Service and Boiler Repair across the Midlands and Yorkshire.
