June 15, 2010 (FPRC) -- NEW YORK CITY, NY - BirthdaysNewYork.com has created an invaluable resource for party-minded people who want to keep their finger on the pulse of what's going on in New York City, The Hampton's and Fire Island this summer. The online NYC event planners are offering their first-ever Summer 2010 Guide book, a handy volume that's like a good friend who helps you celebrate a special day - or night -- out on the town.

The Summer 2010 Guide book is a sleek volume containing useful information about NYC restaurants, nightclubs, bars and hotels, making it indispensable for planning a birthday party in New York. The book also provides an easy-to-read, concise lineup of must-see destinations in the Hampton's and Fire Island. Whether you're headed to a restaurant or a nightclub, they've got you covered.

"The BirthdaysNewYork.com staff compiled a variety of venues for savvy New Yorkers to choose from - the guide includes restaurants, bars, nightclubs, roof decks and amazing destinations in NYC, the Hampton's and Fire Island. We did the research, so you can just enjoy your summer!" says Mario Stewart of EMRG Media.

Looking for spicy Mexican food and frosty Margaritas in Manhattan? The Summer 2010 Guide book suggests Dos Caminos on Park Avenue South. Need a 24/7 option for your New York birthday party? Consider a nosh at Cafeteria on 7th Avenue, where they doze but never close. Or, hang your hat and have a cocktail at the Brass Monkey, a bar in the Meat Packing District.

Don't think this little book can't help you outside the city! Soak up the Hampton's sun, then shake off the sand and head to Dune Southampton, a high-energy nightclub favored by well-to-do New Yorkers. When you check out the Fire Island music scene, hang at Albatross, where tunes keep the place packed on Saturday night.

Good news for those who need digital info: the book is also searchable and the listings link to each venue's web site for additional detailed information. Your perfect New York Birthday party is just a few clicks away!
