

## **New Social Media Content Marketing Package Promotes Search Engine Visibility & Brand Dominance**

*SEO copywriting firm SEO Content Solutions has unveiled its new multimedia / social media content marketing package offers content development and publishing on multiple authority sites and promotion through social media channels.*

July 26, 2010 (FPRC) -- LA QUINTA, CA -- Industry leading SEO copywriting firm SEO Content Solutions has unveiled its new multimedia / social media content marketing package. The robust content marketing package offers content development and publishing on multiple authority sites and promotion through social media channels.

"This content marketing package is not only designed to build backlinks, but also to secure additional search engine rankings and establish dominance as an industry leader through the publication of authority content," said Christine O'Kelly, founder of SEO Content Solutions.

The multimedia / social media content marketing package offers monthly content development and publishing of 18 pieces of search engine optimized content. The 18 content pieces include:

- \* 1 Flagship HubPages Hub
- \* 3 Syndicated Article Marketing Articles
- \* 3 Graphical PDF Versions of Articles
- \* 1 Slideshow
- \* 2 SEO Press Releases
- \* 8 Blog Posts

Once the content is created and published by SEO Content Solutions expert SEO copywriters, it is promoted through the clients own social media profiles on the following social media sites:

- \* Linked In
- \* Facebook
- \* Twitter
- \* Merchant Circle
- \* Folked.com
- \* Slideshare
- \* Scribd
- \* Docstoc

Complete details of the package are available online at:  
<http://seocontentsolutions.com/multimedia-social-media-content-marketing-package.html>.

"We have been testing the elements of this package for several months with some of our top clients and the results have been fantastic. There is nothing more thrilling to us than helping our clients establish online dominance and solidify their brand equity," said Tara Geissinger, VP of SEO Content Solutions.
