

The Equestrian Corner Adds Kerrits Performance Equestrian Apparel to Its Expansive Product Offering

The Equestrian Corner has announced the addition of women's riding breeches and other Kerrits rider apparel to their growing equestrian apparel lineup.

July 27, 2010 (FPRC) -- BRONXVILLE, NY -- Online provider of horse riding apparel, horse tack and horse care products, The Equestrian Corner, has added Kerrits performance equestrian apparel to its ever-expanding product offerings. Among the products from Kerrits that have been added to the store are: womens riding breeches, tanks, tees, jackets, young rider apparel and more.

"Kerrits is known for their performance apparel, combining the latest styles with function for riders of any level. The addition of Kerrits apparel to our product line allows us to provide a total solution of sophisticated, high performance, stylish and safe products for our customers," said Anne Coyle of The Equestrian Corner.

Some of the products featured in the Kerrits rider apparel lineup are the Kerrits Cool Tie and the Ladies Kerrits 24K Jacket. The Cool Tie keeps riders cool for the day through scientifically engineered crystal polymers. The tie comes in four stylish colors and is geared for riders on hot summer days. The Ladies 24K Jacket has evolved from five years of research developing a high performance and affordable alternative to the typical showcoats on the market. The jacket is made of a four-way stretch fabric that is durable and moves with the rider to offer comfort and style.

Kerrits rider apparel is just the latest addition to The Equestrian Corner online store that features equestrian riding equipment and apparel from quality brands like Tailored Sportsmen, Tuffrider and Equine Couture. The site offers products for the horse as well, including clothing, saddles, bridles, horse and rider equipment, horse care products and treats.

"Every product sold through our online store is hand-selected for style and performance. We would never present anything that we wouldn't wear or use ourselves. That is why so much of our business comes from returning customers -- they know they can trust our quality and service," said Coyle.
