

CustomSlipcoversNow.com Now Offering Up To \$50 Off Slipcover Orders Through Special Online Coupon

CustomSlipcoversNow.com announces it is offering customers the chance to save up to \$50 on custom slipcovers. Discounts are available for smaller purchases, meaning customers who only need one slipcover can take advantage of the sale.

August 9, 2010 (FPRC) -- WOODSIDE, NY - CustomSlipcoversNow.com, a manufacturer of custom slipcovers, is now offering customers a chance to save up to \$50 when they shop online and use a special coupon. Customers only need to use the special code 'SLSH' at checkout and the discount is automatically applied to the order.

Customers with orders over \$250 will receive a \$50 discount, while orders over \$175 will save \$25. Smaller orders over \$125 will receive a \$15 discount. The discount does not include shipping and cannot be combined with any other offer.

"We know how much a new slipcover can change and improve the look of a room. New furniture can be pricey and that's why we've created our line of custom slipcovers. Why replace, when you can simply add a beautiful slipcover that's custom designed? Our slipcovers are made-to-order to each customer's individual measurements and, with our special discounts, are just a fraction of what it would cost to purchase a new set of furniture," said Lillian Nazginov, President, of CustomSlipcoversNow.com.

CustomSlipcoversNow.com offers a variety of options, including couch and chair slipcovers. Each order is designed to specific measurements and can fit any size chairs, love seats, sofas and even ottomans. Customers can buy as few as one slipcover for a chair or can outfit an entire room with slipcovers that are tailor-made for their individual furniture pieces.

Customers who shop on CustomSlipcoversNow.com can choose from a number of different everyday fabrics including micro-suede, cotton, damask and denim. Customers who are looking for a more upscale look can find fabrics such as suede, tapestry and chenille. The company even offers waterproof fabrics suitable for everyday outdoor use for patio furniture cushions.

The company offers a number of different patterns and colors to ensure there's something for everyone's decorating sense. Customers can choose from florals, plaids, stripes, geometric and even novelty-themed patterns in both neutral and bold colors.

"Our customers tell us over and over again that they love the variety we offer. Whether they want to outfit a room in the same print, or want to mix and match solids and patterns, we can accommodate them. We even offer our clients the chance to purchase additional fabric in case they want custom-made draperies to go along with their new slipcovers. Our sale makes now the perfect time to update any room and we invite both new and returning customers to give us a chance," said Nazginov.

About CustomSlipcoversNow.com:

CustomSlipcoversNow.com is a subsidiary of Easy Fit Inc., a privately owned furniture and slipcover manufacturer that has been in the industry since 1983. The company started as a small operation

and rapidly became one of the fastest-growing furniture and accessory manufacturers and online retailers in the country.
