

AccessDiscounts.com Offers New Line of Affordable Grow Lights

Indoor lighting perfect for growing fruits and vegetables during the hot summer season

August 26, 2010 (FPRC) -- (Milpitas, Calif.) -- AccessDiscounts.com, the web's leading online retailer of commercial lighting, grow lights and home lighting, is proud to offer a variety of new grow lights just in time for the late summer/ early fall growing season. These affordable new grow lights will allow customers to grow a variety of fruit and vegetables inside their home without having to brave the hot and/ or rainy elements that are commonplace around the country this time of year.

"For many people around the country, venturing outside during the late summer/ early fall months means blistering, humid heat interrupted by nothing more than monsoonal downpours that make a rain forest look tepid," said Christina Roush, spokesperson for Access Discounts. "For most people in these climates, going outside is only done when it's absolutely necessary. For those who want to grow fruit and vegetables, having an indoor garden featuring grow lights provided by AccessDiscounts.com is a way to have all the benefits of an outdoor garden without having to deal with the elements. Now that we are offering a line of more cost effective grow light systems, people can have more money for cold drinks and that electricity bill that they are going to rack up by running their air conditioner 24 hours a day."

Offering the best prices and stellar customer service, AccessDiscounts.com stocks the highest quality grow light systems, bulbs, ballasts, reflectors and accessories to satisfy everyone from those trying indoor gardening for the first time, to those serious gardeners looking to grow the plumpest, juiciest tomatoes. With dozens of systems which fit any individual need or price range, people can grow their gardens in their living rooms, bedrooms, office, or even inside a closet.

For a limited time, customers can receive a 5% discount on all grow light purchases over \$999 and free shipping on orders over \$1,499. Check www.accessdiscounts.com for more details.
