

We Buy Land and Timber Announces New Partnership

Steve Dana, Founder of We Buy Land and Timber, adds veteran developer, Mike Fields as partner.

September 7, 2010 (FPRC) -- We Buy Land and Timber is pleased to announce that it has named Mike Fields as a new partner.

Fields brings over 30 years of experience as a Realtor and developer to the company.

"I am honored to be joining the team of We Buy Land and Timber", says Fields. "I have been following the company for a few years, and I feel this will be a great opportunity for me to not only contribute but learn from a group of field experts."

We Buy Land And Timber was created as a resource to provide a quick and easy way for sellers of land and timber to connect with buyers from across the country. The company was started by a group of investors, Realtors, and timber buyers who saw a need for ordinary people and developers to sell their land and/or timber quickly and seamlessly.

"This network has grown larger than we could have ever expected", says founder Steve Dana. "Bringing Mike Fields on board will add a great deal of real estate expertise to the company and give us the opportunity to reach a wider client base."

The company offers landowners the ability to evaluate their land quickly. To the seller, this is a huge advantage because in a matter of minutes, you can submit your land or timber to potentially thousands of investors and timber buyers nationwide -- at no cost to you.

For more information on the company, contact Steve Dana at 910.690.5800.
