

Restore Vision Centers Launches Innovative, New Website

Restore Vision Centers, a premier eye surgery practice in the Pacific Northwest, is excited to announce the launch of an innovative, new website

October 15, 2010 (FPRC) -- Restore Vision Centers, a prominent provider of advanced eye care services across the Pacific Northwest, has launched an intuitive new website that is designed to inform and connect with people who are in need of vision correction surgery in communities throughout Washington and Oregon. Restore Vision Centers hopes that their new website will make it easier for patients to find important information on their skilled eye surgeons and state-of-the-art Seattle, Spokane and Portland LASIK facilities.

With numerous modern eye surgery centers serving patients in the Northwest, Restore Vision Centers is committed to providing the highest standard of care. This commitment to excellence is exemplified by the captivating new design of RestoreVisionCenters.com that blends an engaging aesthetic look with highly informative resources that help prospective and current patients gain a clear understanding of the vision correction options offered at all Restore Vision Centers' locations, including Seattle, Portland and Spokane LASIK surgical centers.

Visitors of RestoreVisionCenters.com will find comprehensive information on the advanced surgical techniques and technologies used by their highly skilled LASIK Seattle, Portland, Redmond and Spokane eye surgeons, including breakthrough IntraLase "Bladeless" LASIK laser, among others. Patients will also be able to learn more about the qualifications and skills of the refractive surgeons on staff.

In addition, the website contains personalized patient forms (such as HIPAA forms and patient information sheets) that will make doctor visits a more seamless and hassle-free experience for Seattle, Spokane, Portland and Boise LASIK patients.
