

West Palm Beach LASIK Surgeon Dr. Lawrence Katzen Launches New Website

Dr. Lawrence Katzen, a renowned West Palm Beach LASIK surgeon is proud to announce the launch of an innovative, new website for Katzen Eye Care & Laser Center

October 19, 2010 (FPRC) -- Dr. Lawrence Katzen and the team of Katzen Eye Care & Laser Center are proud to announce the launch of the practice's new website and online marketing strategy. The practice's website has been redesigned to provide an easy-to-navigate-layout and numerous interactive features. To help prospective West Palm Beach LASIK patients better understand what happens before, during and after LASIK surgery, the website offers a number of high-quality video presentations. In addition, the site features numerous video testimonials from Dr. Katzen's patients who have undergone LASIK, cataract surgery with premium IOLs or a general ophthalmology procedure.

Dr. Katzen and his team are confident the new website will assist their patients in researching various vision correction procedures as well aid in the selection of a highly skilled LASIK or cataracts surgeon. The website also provides information about various financing options, offers an option to schedule a complimentary consultation, and provides several patient forms patients can fill out in the comfort of their own homes prior to their appointments.

About Katzen Eye Care & Laser Center

Katzen Eye Care & Laser Center is a leading provider of LASIK and cataract surgery with premium IOLs in Palm Beach and Boynton Beach. The practice was one of the first refractive surgery centers in Palm Beach to add state-of-the-art excimer and femtosecond lasers, as well as the Pentacam and VISX Star S4 Active Trak Iris Registration devices to its array of state-of-the-art laser eye surgery technologies. In addition, Katzen Eye Care & Laser Center is proud to offer a wide variety of the latest, most advanced intraocular lens implants (IOLs) for cataracts patients. Some of the IOLs available at the offices of Katzen Eye Care & Laser Center include Crystalens, ReSTOR, Tecnis and Toric IOLs.

Katzen Eye Care & Laser Center has two office locations: one in Boynton Beach and one in West Palm Beach. Dr. Katzen and his team can be reached by calling 1-877-736-2020 or by visiting their website at <http://www.katzeneyecare.com>.
