

Festive Frolics at Top Lake District Attraction

Eden Ostrich World is pleased to announce their festive themed programme of events to occupy even the most excited child this Christmas.

December 20, 2010 (FPRC) -- When visiting Eden Ostrich World over the festive period families will be able to experience Christmas themed areas and activities including a craft table where visitors can make a Christmas mask or perhaps colour in a picture and they can even make a Christmas decoration to be displayed on the Eden Ostrich World tree.

The Christmas themed program of events will take place on the 4th, 5th, 11th, 12th, 18th, 19th, 22nd and 23rd of December and is the perfect way to start the Christmas holidays, both young and old!

Eden Ostrich World is a family run business hosting a working farm and visitors centre, which opened to the public in 1998.

Diversification came about due to the dramatic changes within the agricultural industry: as it became more difficult to survive whilst farming new ideas started to emerge and after several years planning we created and opened our doors to the public as Eden Ostrich World.

Situated in the middle of the Eden Valley, we couldn't ask for a more magnificent setting, with the River Eden running straight through our site, it allows customers to take in the views and have a wander down by the river! It is classed as a Site of Special Scientific Interest due to the different varieties of birds and wildlife.

Their aim is to offer bags of fun and Lake District things to do as well as an educational day, not only learning about the ostrich, from incubation and hatching through to being fully grown, but to give people an insight into modern day farming.

They also host playgrounds, a tea room and a very reasonable gift shop, as well as the Hayloft Gallery which is packed full of unusual gifts – a Cumbria attraction for the whole family.
