

VIP Patio Furniture Adds Portable Logo Chairs to Outdoor Furniture Inventory

VipHomeFitness.com now carries portable, folding outdoor chairs with popular logos. Adding portable outdoor furniture to their premium patio furniture allows VIP Patio Furniture shoppers to get all their outdoor seating supplies from one store.

January 20, 2011 (FPRC) -- VIP Patio Furniture, an e-tailer specializing in premium outdoor furniture, announces that they are now carrying portable, folding outdoor chairs with popular logos. The chairs come in different colors and contain logos from professional basketball teams, car manufacturers, and car models.

The lightweight and portable chairs are the perfect accessory for sporting events, camping, the beach or lounging in the backyard. They are made with heavy duty canvas and have sturdy steel legs, cup holders, and non skid foot pads. These outdoor portable chairs fold up into a small, compact form and support a weight capacity of 225 pounds.

The addition of portable outdoor furniture shows a transition by Vip Patio Furniture into more than just patio outdoor furniture. The ability to buy all types of outdoor furniture from one online store is important and VipPatioFurniture.com will continue to add more types of portable outdoor furniture in 2011.

Vip Patio Furniture only sells quality outdoor furniture, outdoor grills, and accessories from top manufacturers and is an "Authorized Dealer" for all of the manufacturers that they carry. Many online furniture sellers are unauthorized, which may void the manufacturer's warranty. All products sold by VipPatioFurniture.com carry the full manufacturer's warranty along with VipPatioFurniture.com's 100% Satisfaction Guarantee and their 45 Day No Hassle Return Policy.

About VIP Patio Furniture

VipPatioFurniture.com is an online e-tailer specializing in top quality outdoor and patio furniture, patio seating, outdoor grills, and accessories.
