

Mann Eye Institute in Austin Welcomes Cataract Surgeon Dr. Gus Stern

Meet Austin cataract surgeon Dr. Gus Stern, a new addition to the Mann Eye Institute and Laser Center surgical team in Austin, Texas.

February 25, 2011 (FPRC) -- The outstanding surgical team of Mann Eye Institute and Laser Center in Austin is thrilled to welcome Dr. Augustus ("Gus") Stern. Dr. Stern is an extremely skilled eye surgeon who specializes in the treatment of glaucoma and corneal diseases and performs advanced micro-incision cataract surgery, as well as glaucoma, oculoplastic and refractive surgery procedures. Advanced cataract surgery with intraocular lens implants (IOLs) will now be available for the first time at the Mann Eye Institute and Laser Center Austin practice under the leadership of Dr. Stern.

The center is proud to introduce Dr. Stern to its prospective cataract surgery Austin patients.

For more than 20 years, Mann Eye Institute and Laser Center has upheld its commitment to providing the latest advances in vision correction surgery as well as all aspects of eye care administered by an expert medical and surgical team who consistently deliver safe and excellent treatment outcomes to patients in Austin, Houston, Katy, Sugar Land, Humble, Cleveland and Liberty, Texas. From blade-free LASIK eye surgery to implantation of premium lenses, treatment for dry eye syndrome, glaucoma management and cosmetic services such as Botox injections, Mann Eye Institute excels on every front of medical and surgical eye care.

To learn more about the procedures offered by the skilled Austin LASIK and cataract surgeons at Mann Eye Institute and Laser Center, please visit MannEye.com or call 1 (800) MY VISION.
