

Moose Jaw RV Super Centre Launches New Website

Moose Jaw RV Supercentre, a supplier of recreational vehicles in Moose Jaw and Weyburn, has launched a new website.

March 31, 2011 (FPRC) -- Moose Jaw RV is pleased to announce the launch of their new website, www.mjrvsales.com.

The new online home of the RV specialists will allow new and existing customers the convenience of browsing through the available fifth wheels and travel trailers from the comfort of their own home. Each product showcased online features a unique light box image gallery, and detailed information on the unit, effectively taking the showroom right into the browsers living room.

With 30 years of customer service excellence, the staff at Moose Jaw RV is excited to take the next step in becoming a leader in the industry.

"It's important to make sure we're taking care of our customers," said Doug Ferguson, owner and operator of Moose Jaw RV. "Our new website is designed to make the shopping experience a little bit easier."

Along with listings of the new and used inventory available in the spacious showroom, the new website also contains information on the many departments inside Moose Jaw RV (Sales, Financing, Parts & Service).

"It's one thing to sell an RV," said Ferguson. "It's another to help, say, a young family find the available resources to do that – and then keep them safe on the road."

Moose Jaw RV teamed with NUClick Web Design for this project, and launched the site on March 24, 2011 – however, it's just the beginning.

"We plan on working closely with the staff at Moose Jaw RV to make sure this website is an effective branding and marketing tool," said NUClick CEO Adam Geiger. "The goal is to make it a must-see for RV lovers across Saskatchewan."
