

New Golf Belles Logo Unveiled

Golf Belles proudly announce the unveiling of their new corporate logo today. As new business ventures unfold and revolutionary corporate endeavours are mounted by the Golf Belles company it was only befitting that this timely event leads the team on their future journey.

April 3, 2011 (FPRC) -- "It's been a lengthy and exciting process" said Susanita de Diego, Golf Belles' Founder and Chief, "experimenting with so many ideas and designs. It was essential that we captured specific elements that portray the right image of the company. Finally it is complete and it is breathtaking".

This avant-garde pictographic is the brainchild created by the leading minds at Golf Belles. Designed and developed by the Golf Belles' Director of Public Relations and Media Magic, Tiffany Litherland, the inspirational graphic is an amalgamation of all that the Golf Belles company represents and upholds.

The feature rich embellishment is characteristically bold; infused with the Golf Belles illustrious colours of warm, rich sunset purple and the lushness of fairway green. Personifying ethics, integrity, professionalism and heart; the four attributes of the Belles Group LLC unite with the symbolization of global presence.

The new logo is in commemoration of the Golf Belles' rise to new professional heights; a celebration of women's golf and the sport's future successes. "It exemplifies the qualities of the Golf Belles" said Diego "depicting the intelligence, beauty and athleticism that women's golf is so universally renowned".
