

New E-Book Teaches Women How to Have Hair Others Envy For

Newly released free e-book: 'Hair Tips & Tricks' reveals how any woman can have hair that will make people turn their heads on the street!

May 27, 2011 (FPRC) -- Hair Styles Secrets Revealed, a website that teaches women the hair care and styling tips, is pleased to announce that the e-book, 'Hair Tips & Tricks' is now available for free download at <http://www.hair-styles-secrets-revealed.com>.

'Hair is a woman's most important accessory that can make or break her look,' said Alexander Jelic, editor in chief of Hair-Styles-Secrets-Revealed.com. 'A recent UK survey has found that women care more about their hair than their teeth. The problem is that many women are not satisfied with how their hair looks. This was our motivation to release the e-book.'

Inside this free e-book, some of the chapters readers will find are:

- 7 healthy hair tips
- 5 simple, easy hair tricks
- How often to wash hair
- The easiest way to determine your hair type
- How to trim own hair at home
- Choosing the right hair color shade
- Important hair coloring tips
- 10 hair brushing tips
- Flat ironing tips you need to know
- What to eat for healthy hair
- Hairstyle tips for different weather conditions
- How to choose a hairstyle in six steps
- 5 tips to trim hair costs
- How to find a good hair stylist
- How to recognize bad hair salons

'Everyday we receive emails from women asking us if we can help out with this or that hair problem. They simply do not know what they are doing. Many of these women are completely unprepared, without a plan and with very little knowledge about hair care. That's why we are giving away a free e-book,' says Jelic.

This is not some theoretical e-book. It is filled with practical tips that women can actually use in their lives and help them look more beautiful. You can download it by visiting <http://www.hair-styles-secrets-revealed.com>.
