

Medical Care Technologies Inc. Unveils Name of Flagship Children's Healthcare Center

Medical Care Technologies Inc. announced today that Teddyberry™ and Company will be the name of its new, flagship, children's healthcare center in Dongguan, China.

June 12, 2011 (FPRC) -- Medical Care Technologies Inc. (OTCBB: MDCE), a children's healthcare service provider, announced today that Teddyberry™ and Company will be the name of its new, flagship, children's healthcare center in Dongguan, China. The name has been unveiled in advance of the Company's preparations to break ground on the new facility in early July.

Located in the prime, Class A, Zhong Xin Commercial Plaza, Teddyberry™ and Company will be a state-of-the-art children's healthcare center, bringing coordinated and integrated healthcare services together under one roof. The new facility is also designed to function as a collaborative environment for other neighboring hospitals in order to deliver better care and more efficient service.

'Building better healthcare also means building everything around our little clients – the children,' said Luis Kuo, COO of Medical Care. 'Teddyberry™ will deliver high quality, convenient, coordinated and affordable value-added healthcare. This is a new model for healthcare in China, one which will improve the quality of services provided to children.'

Teddyberry™ and Company is the first private, for-profit investment for Medical Care Technologies. In addition to serving the 300 patients expected weekly, Management also points out that development of the prime real estate space will generate nearly \$2.3 million Chinese Yuan Renminbi (RMB) (US \$500,000 est.) in construction employment and contribute an additional \$30 million RMB (US \$4.5 million est.) to the local economy, giving everyone reason to take pride in the development.

'We are making this investment in support of the high-quality healthcare patients deserve,' said Ning Wu, CEO of Medical Care Technologies Inc.
