

## **Saving The Earth One Dumpster Rental In Naperville, IL At A Time: Heritage Disposal, LLC**

*Saving The Earth One Dumpster Rental In Naperville, IL At A Time: Heritage Disposal, LLC*

July 5, 2011 (FPRC) -- NAPERVILLE, IL - Heritage Disposal, LLC, a company that can provide a dumpster to Downers Grove IL residents, recently completed a training course on how to reduce the amount of construction and demolition waste that ends up in landfills.

The course, entitled 'Green Building: Construction Administration' taught employees from Heritage Disposal how proper planning in the pre-phase stage can help identify materials that can be recycled or salvaged before they're taken to a landfill.

"Construction and demolition waste accounts for as much as 30% of all waste in our landfills so we're trying to reduce, salvage and recycle as much as we can. Sometimes all we need to do is a simple sorting before dumping the waste materials off at the landfill. It's an extra step we're happy to take and our customers are pleased knowing that we do everything we can to reduce the amount of waste in our landfills," said Don Mulder of Heritage Disposal, LLC.

Heritage Disposal, LLC offers customers dumpster rentals in Naperville IL and the surrounding areas. The company can haul away materials from roofing projects, home and garage clean outs, fire restoration, remodeling projects and landscaping projects, as well as removing paper, cardboard, brick, rock, concrete and other forms of manufacturing waste.

The company has three different sizes of dumpsters in Bolingbrook IL and the surrounding areas: a 15, 20 or 30 yard dumpster. The company will drop off and pick up the dumpster and even takes care of necessary details such as a street permit, barricades and boards under the dumpster to help protect the concrete below it. Heritage Disposal, LLC understands that some customers don't have a place to put a dumpster for a week and will deliver a dumpster and wait while customer fills it up.

Heritage Disposal LLC is a family owned business that has been serving the Chicago suburbs since May 2008. Customer satisfaction is the company's number one priority and the company frequently helps customers determine which size dumpster is best for their project.

"We put the needs of our customers first, in everything we do. Whether they need just one dumpster to do a big clean out before a move or need more than one for a big home remodel, we can help. If you're looking for a dumpster rental in the Chicago suburbs, give us a call and let us help determine which is the best for your needs," said Mulder.

About Heritage Dumpster, LLC:

Heritage Dumpster, LLC is a family owned company that provides dumpster rental in Naperville and other areas in the Chicago suburbs. The company's owner, Don Mulder, brings over 20 years of experience in the waste disposal business.
