

Motobuys Adds New Cyclone Trike With Upgraded Ultra Body Non-Vibration Ride

Motobuys now carries the IceBear Cyclone MTB20 150cc Trike with an upgraded Ultra-Body Non-Vibration Ride.

July 11, 2011 (FPRC) -- Trike use is growing exponentially in the United States. The fuel economy compared to cars and the stability and comfort advantages over motorcycles are hard to ignore. MotoBuys, with over 32 years in the powersports industry, has now added the brand new Icebear Cyclone MTB20 150cc Trike with an upgraded Ultra Body Non-Vibration Ride.

The new Icebear Cyclone Three Wheel Bike is built with a tough and durable steel tubular frame that is aerodynamic and fast. It is powered by a 150cc, single cylinder, 4-Stroke Air Cooled Engine and can deliver up to 80 miles/Gallon with speeds to 50+mph. Also, the Cyclone MTB20 features fully upgraded ABS hydraulic disc brakes on the front and rear, which deliver smooth stops in half the distance of standard brakes.

Motobuys, which was one of the first online licensed trike dealers to offer a dual front wheel trike, continues to be the consummate online source for both on and off-road vehicles and equipment including dirt bikes, ATVs, go karts, scooters, helmets, gear, tires, parts, and accessories for the entire family. With over 32 years in the powersports industry, MotoBuys has the experience to know which brands and models contain the best value for their customers. Motobuys sells gear for youth, child, women, men, extra large, small, and even infant sizes.
