August 17, 2011, San Diego -- Small business software provider, Halfpricesoft.com (<http://www.halfpricesoft.com>), announces that California users in Los Angeles, San Diego, San Jose, San Francisco, Fresno or other places can get the popular check writing software or blank check stock for free when they check out through TrialPay offer this summer time.

"Everyone loves getting free stuffs. But through our partnership with TrialPay, consumers can get their favorite software for free and get something else they want in the process," said Dr Ge, the founder of halfpricesoft.com. "It's a win-win-win-win situation: the customer gets free product, we make sales, the TrialPay advertiser makes sales, and TrialPay gets commissions."

ezCheckPrinting check writer is ideal for any businesses, government agencies, financial institutions and non-profits, and was designed and engineered for ease-of-use by those who have only basic computer skills and little accounting know-how. And user can download for free trial at [http://www.halfpricesoft.com/check\\_printing\\_software\\_download.asp](http://www.halfpricesoft.com/check_printing_software_download.asp)

With this check printing software, customers can print on standard size checks or on 8 ½ x 11-inch pages with check-on-top, check-in-middle, check-at-bottom and 3-per-page formats. The year 2011 version is more user-friendly and allows users customize check layouts, set-up and print checks quickly, and eliminates need for expensive pre-printed checks. And the new blank check printing and importing feature make it even easier to work with ezPaycheck Payroll Software, Quicken, QuickBooks, Peachtree or other software.

In a down economy, companies need to streamline and increase efficiency, so they can be more productive with every minute and every dollar.
