

Adventures of Jacko the Conjuror

For the kids, a Halloween treat!

September 26, 2011 (FPRC) -- An increasingly popular children's book and teen author, Jamie Ott, has a new release that's fast becoming everyone's favorite. After years of sketching out the story, Adventures of Jacko the Conjuror is, finally, available in stores. Further, for a limited time, the author is giving away free copies to all those who visit her website.

A first volume in a dramatic epic fantasy series, kids will love the adventure that Ott brings to story telling, in a way, that hasn't been seen in years. Your kids will love leaping worlds in the belly of a cherub, and fishing in Heaven with gods. Find out what really happened to Narcissus, and the Fountain of Youth!

Follow Jacko's adventure to becoming wise, powerful, and a man who faces his destiny. It's a great time to be had for all, and whether young or old, everyone will enjoy the twists and turns of this epic journey.

Local book reviewer, Brockwell of the Independent, has given the book 4 1/2 rings and called it 'a fast catching yet adventurous story with an element that everyone can enjoy.'

Jamie Ott has several novels in stores, today. Her most recognizable work, Funk's the Chocolate Loving Vamp, is what landed her credibility as a story teller.

For all contact, permissions, and information, contact the author through the website.
