October 10, 2011 (FPRC) -- Children's Supportive Services, Inc. is excited to present their new website: childrenssupportiveservices.com.

Children's Supportive Services is a community based mental health agency helping children, adolescents and adults through psychotherapy, counseling, psychosocial rehab and medication management.

Located in Southeastern Idaho, Children's Supportive Services has branch offices in Idaho Falls, Blackfoot and Chubbuck.

Children's Supportive Services is committed to the concept that children, adolescents and adults with challenges to their mental health can best be treated in the situation where the difficulties are occurring. Children's Supportive Services, Inc. - By offering treatment, such as Psychosocial Rehabilitation, where the problems happen, it is possible to vastly increase the opportunity for treatment gains to be generalized by the child, adolescent, or adult and their respective environments.

In addition, clinic based services such as counseling and psychotherapy (talk therapy, play therapy, art therapy, sand tray therapy) assist our clients in developing greater insights and a deeper understanding into their current behaviors. Psychotherapy provides opportunities for individuals, couples, and families to change their thoughts, feelings, and behaviors in order to achieve more productive outcomes in their various environments and to achieve their self-determined goals.

Medication management at Children's Supportive Services - offers medical support through pharmacological treatment for those whose symptoms interfere with their daily functioning.

Children's Supportive Services, Inc. has branch offices in Idaho Falls, Blackfoot and Chubbuck. Call today for more information or to schedule an appointment with one of our specialists. We're here for you!

Idaho Falls - (208) 524-8996
