

Opal Enterprises, Siding Contractors In Bolingbrook, Offers Customers iPad2 With Completed Project

Opal Enterprises, a company that handles window replacement in Hinsdale and replacement doors in La Grange, announces it is offering customers a free iPad2 with any completed project over \$10,000.

October 28, 2011 (FPRC) -- NAPERVILLE, IL -- Opal Enterprises, a company that provides homeowners with valuable services like window replacement in Hinsdale and the surrounding areas of Chicago, announces they are providing customers with a free iPad2 with a project completion.

The free iPad2 is a 16GB, Wi-Fi model and is available to any homeowner who completes a project with Opal Enterprises. Customers must pay in full via check or credit card and the offer is not valid for homeowners who choose to finance their project through Opal Enterprises. Projects must exceed \$10,000 and be completed now through December. Opal Enterprises realizes that not every customer would prefer an iPad and is instead offering a \$200 discount in lieu of the tablet.

"iPads are one of the hottest technology items around and we want our customers to have an thank you gift from us that they can actually use. So many other contractors offer clients \$500 off of their project. However, the homeowners we talk to don't even realize they're getting any money off since this is taken off their proposal before they ever pay a cent towards their project. Instead, we want our iPad2 to be a tangible thank you for choosing Opal Enterprises as their exterior remodeler!" said Tara D. Opalski, Marketing Manager for Opal Enterprises.

Opal Enterprises has been serving the Chicagoland areas for more than 10 years and works as window replacement, roofing and siding contractors in Bolingbrook and the surrounding areas. The company focuses its efforts on customer service, quality products and professional installation, no matter how big or how small the project is, such as adding replacement doors in La Grange or replacing siding in Bolingbrook. The company has an A+ rating with Angie's List and the Chicagoland BBB and has even qualified for the Angie's List Super Service award, the highest honor the organization provides local contractors. The company has a stellar reputation with both homeowners and vendors. Customers can rest easy when they choose to work with Opal Enterprises, as the company is fully insured, licensed and accredited for the work it does.

"We've been focusing our efforts on helping homeowners improve their home's appearance and energy efficiency for the last seven years and we think it shows. Our customers know that they're getting more than just a siding contractor or roofing contractor when they work with Opal Enterprises. We've completed hundreds of home improvement projects around the Chicago area and we'd love to help make your dream home a reality. To see a list of completed projects and to see if your project qualifies for a free iPad2, give us a call. We'd love to show you how we can help," said Opalski.

About Opal Enterprises:

Opal Enterprises is a remodeling company that is family owned and operated with the partnership of some very enriching employees. They have been installing windows, siding, and roofs for over 10 years. Located in Naperville, they are proud to serve the western suburbs of Chicago. Their niche is specific to better serve the homeowner in the needs of replacements and improvements of roofing

windows, doors, gutters and house siding in Lisle. Opal Enterprises realizes that the average homeowner might remodel the exterior of their home once in a lifetime, but they do it every day! Their focus is for their customers to have a pleasant experience while they tend to the end result of energy efficient beauty.
