

Cutting-Mats.net Announces Free Ground Shipping Offer

Leading online retailer offers free ground shipping offer for orders over \$199

October 28, 2011 (FPRC) -- Mt. Juliet, Tennessee – Cutting-Mats, a leading online retailer of discount cutting mats, cutting tools, drafting supplies, drafting equipment, drawing supplies, scrapbooking supplies, craft supplies, art supplies, and more, today announced that, for a limited time, customers who spend over \$199 on an online order will receive free ground shipping.

'When it comes down to it you are always better off buying in bulk, especially when it comes to something like art and crafting supplies,' says Mike Barnette, founder of Cutting-Mats.net. 'And while buying in bulk doesn't work out in every situation, professions where you need items like cutting and drafting equipment, cutting mats and art supplies tend to go through supplies at a rather quick rate, which makes bulk buying the preferred way to buy their items. At Cutting-Mats.net we understand that buying in bulk is the best way to go for our clients which is why we, for a limited time, are running an offer where those who spend \$199 at Cutting-Mats.net will receive free ground shipping on their order. This is not just a thank you to our customers but it's also another reminder that buying your items in bulk is the best way to make sure you always have what you need lying around.'

The free ground shipping offer does not apply to oversized items, expedited orders, items shipped by truck, or for addresses outside of the continental United States. For more information, please visit www.Cutting-Mats.net.
