

World of Warcraft EU Fan Site Wow Gold Safe Now Has Over 50,000 Members Since 2006

Wowgoldsafe.co.uk has surpassed 50,000 members by the end of December, 2011, and this is their fifth year since they set up in 2006. Wowgoldsafe is a world of warcraft EU fan-site and virtual currency supplier.

December 27, 2011 (FPRC) -- Wowgoldsafe.co.uk has surpassed 50,000 members by the end of December, 2011, and this is their fifth year since they set up in 2006. Wowgoldsafe is a world of warcraft EU fan-site and virtual currency supplier.

With a fairly large fan base after world of warcraft was released, Wowgoldsafe should eventually grow into a large and prosperous fan site for EU wow fans. They continues to expand itself into new territories. As the game keep updated, they will offer more to EU wow fans.

World of Warcraft (WoW) is a massively multiplayer online role-playing game (MMORPG) by Blizzard Entertainment. With 10.3 million subscribers as of November 2011, World of Warcraft is currently the world's most-subscribed MMORPG, and holds the Guinness World Record for the most popular MMORPG by subscribers.

Although there are numerous wow fan site, but wowgoldsafe has it's own features. They are EU fan site, once have troubles to play the game, players can find solutions through the site. Many members in Wowgoldsafe are experienced wow players, and they will share their methods to others.

As for the EU wow gold business, Wowgoldsafe also has it's advantages:

Basically, this site is dedicated to offer cheap virtual currencies: EU wow gold.

"We know what the players want, so we are pleased to give some wow skills, leveling strategies, world of warcraft gold making secrets to those wow fans, and once they need in-game currency, we will complete the transaction timely and safely" Barry Lee said, who is the CEO of the site.

Safe - As world of warcraft players, wowgoldsafe understand how important of the game account for player is. So the first thing they guaranteed is the security. Never share the player's information to any third party. No any hacks or cheats here, they has been tested by McAfee day by day. And they don't use any tech such as auto bots/scripts to grinding gold. As of payment, they partner with famous and the safest payment gateways in the world only. Players can pay the goods by PayPal, Google Checkout, Moneybookers, Western Union etc.

Fast - In order to deliver gold in the game faster, they always has huge amount of virtual currencies in real stock, because they themselves are also wow fans, they also play world of warcraft. Wowgoldsafe create friendly relation ships with more than 3,000 gold farmers/factories in China,Philippines and Russia. Besides the basic suppliers, they even partner with more than 15 other reputed sellers in the marketing. Players can get money back without any question if Wowgoldsafe doesn't deliver EU wow gold within 30 minutes.

Convenient - Wowgoldsafe opens 24 hours each day, no weekend, no holiday! They are proud that

more and more players become the member of them.
