January 17, 2012 (FPRC) -- SimulationExams.com, a leading practice tests provider, released Cisco CCNP Switch 642 813 practice tests. The CCNP practice tests offered by SimulationExams.com include 300+ questions and provide a simulated test environment for candidates and enables one to take final exam with confidence. All questions carry Flash cards covering fundamental concepts in addition to explanation for correct/wrong answers. Question types include multiple choice questions, drag-n-drop, and others as normally encountered in the real exam

The exam objectives covered in the practice tests include CCNP™ Switch Practice Exams

Exam Objectives Covered:

1. Implement VLAN based solution, given a network design and a set of requirements
2. Implement a Security Extension of a Layer 2 solution, given a network design and a set of requirements
3. Implement Switch based Layer 3 services, given a network design and a set of requirements
4. Prepare infrastructure to support advanced services
5. Implement High Availability, given a network design and a set of requirements

The advantages of a simulated exam are:

- Ability to gauge one's preparedness to take actual certification exam
- To prepare for the exam objectives thoroughly from a different perspective (other than the usual study guide)
- To familiarize oneself with actual exam environment (such as timed test, scenario based questions, etc.)

Other leading Cisco(R) practice tests available from SimulationExams.com include CCNA 640-802, CCNP Route (642-902), CCNP TShooT, and Cisco Certified Entry Network Technician (CCENT).

The Exam Engine provides an integrated test environment, wherein, the candidate will be able to check for upgrades, and register the full version online using program interface seamlessly soon after purchase. The candidates will be able to download the demo versions of any other practice tests offered by SimulationExams.com using the test engine program interface.

The users will also be able to review their past scores and retake any test after necessary preparation. Several scenario based questions are included for thorough preparation.
