

Opal Enterprises Begins Major Residential Project Replacing House Siding In Wheaton

Siding contractors in Naperville, Opal Enterprises, recently began work on a large residential renovation project. The project will replace windows and house siding in Wheaton for Stream Garden Villas.

February 3, 2012 (FPRC) -- NAPERVILLE, IL -- Opal Enterprises, siding contractors in Naperville and the surrounding areas, recently began a large residential renovation project for Stream Garden Villas in Wheaton, IL.

The project spans 95 different individual residences, replacing over 200,000 square feet of James Hardie Fiber Cement siding and installing new Andersen windows for some units. The Home Owners Association chose three different James Hardie colors for the Stream Garden Villas: Timber Bark, Monterey Taupe and Autumn Tan and each home will be trimmed with Arctic White. The new siding will replace old and rotted cedar siding, which means each of the homes will receive a complete facelift. The work began in January and is scheduled for completion in May, weather permitting.

Seven contractors, including Opal Enterprises, competed for the rights to replace the windows and house siding in Wheaton for Stream Garden Villas. Opal Enterprises was selected to move on to the final step in the selection process and was ultimately chosen because of the value it could provide to the property management company and the homeowners.

"We are really happy to obtain such a large James Hardie job in our backyard of Wheaton. We had many employees working hard to ensure the association was sure that Opal was the best siding company for the project. The association picked out some great Hardie colors and the project is going to look great for a long, long time," said Tommy Shallcross, Opal Enterprises' Sales Manager and Lead Estimator for the Stream Garden Villas project.

In addition to house siding and window replacement in Wheaton, Opal Enterprises can handle a number of other exterior home remodeling projects. These include exterior door replacement, roofing replacement and new gutter installation. The company has been serving residents of Western Chicagoland for more than 10 years. Opal Enterprises focuses on providing clients with some of the best products in the industry, including James Hardie Fiber Cement siding, GAF roofing and Andersen windows, which means customers can count on their home looking great for years to come.

"As a team member of Opal Enterprises, Inc. I am focusing on providing excellent value, product and experiences to our customers. Utilizing such core values as professionalism, candor/edge, customer satisfaction, public responsibility and results, I am convinced the Streams Gardens Villas project will be an absolute success for the residents, as well as for Opal Enterprises," said Shem Grafczynski, Project Manager for Opal Enterprises.

About Opal Enterprises:

Opal Enterprises is a remodeling company that is family owned and operated with the partnership of some very enriching employees. They have been installing windows, siding, and roofs for over 10

years. Located in Naperville, they are proud to serve the western suburbs of Chicago. Their niche is specific to better serve the homeowner in the needs of replacements and improvements of roofing windows, doors, gutters and house siding in Lisle. Opal Enterprises realizes that the average homeowner might remodel the exterior of their home once in a lifetime, but they do it every day! Their focus is for their customers to have a pleasant experience while they tend to the end result of energy efficient beauty.
