About the Guest

In the late 1960s, Detective Alan Sheppard, NYPD (ret.), served two years with the United States Army. His service included deployment with the 101st Airborne Division to the Republic of South Vietnam. In 1969, Alan Sheppard joined the New York City Police Department. His first assignment was as a patrol officer in the 81st Precinct which is located in the north central area of the borough of Brooklyn. This neighborhood is known as "Bedford Stuyvesant." A small section along the southern border is referred to Stuyvesant Heights.

In 1974, Alan Sheppard was assigned the Emergency Service Unit. The Emergency Services Unit of the NYPD is nation's largest permanent emergency response team with over 400 personnel. The "ESU" provides specialized equipment, expertise and support; "from auto accidents to building collapses to hostage situations, ESU officers are called on when the situation requires advanced equipment and expertise." In 1985, Alan Sheppard was assigned to the NYPD Intelligence Division and given dual status with the United States Marshals. In 1988, he worked an undercover assignment and in 1989 he was assigned to the Major Case Squad. Detective Alan Sheppard, NYPD (ret.) is the author of E-Man: Life in the NYPD Emergency Services Unit.

According to Lieutenant Vernon Gebreth, NYPD (ret.), "Sheppard served in the NYPD during the urban warfare years and received his Baptism of Fire at the Williamsburg Siege. He was a decorated hero of the NYPD and member of the elite Emergency Services Unit (ESU). In his book, E-Man AI takes the reader on a non-stop roller coaster ride of emotions as he reveals life on the streets through the eyes of a combatant during the turbulent times and the work of the Emergency Services Unit—the same unit that the Police call when they need Help."

According to one reader, Alan Sheppard's book, "is a fast paced account of a true story about a cop who not only carried people from burning buildings and off of bridges high above the waters of NYC but also saved a fellow cop from sure death by shooting his killer dead. You will not be able to put this book down! I urge to read how some people don't imagine how to be a hero but actually become one."

About the Watering Hole

The Watering Hole is police slang for a location cops go off-duty to blow off steam and talk about work and life. Sometimes funny; sometimes serious; but, always interesting.
