

## Health and Safety Company Sponsors Fire Brigade

*East Sussex Fire and Rescue service (ESFRS) have received sponsorship from a top health and safety company*

September 28, 2008 (FPRC) -- RB Health and Safety Solutions have offered funding to the United Kingdom Rescue Organisation (UKRO) extrication team so that they can compete in national competitions. A spokesman from RB Health and Safety Solutions said 'we have offered sponsorship to local sports teams in the past however this is the first time we have sponsored an organisation such as ESFRS. The fire and rescue service play an important part in health and safety and we have always had a good relationship with such organisations. We wish the extrication team good luck in the competitions, we have seen them working and the professionalism is second to none'.

RB Health and Safety Solutions Ltd have been making a name for themselves as health and safety trainers , first aid trainers, Fire Risk Assessors, and safety consultants. Predominantly working around London RB Health and Safety Solutions are becoming well known for their health and safety training courses from IOSH working and managing safely to CIEH , COSHH and Manual Handling. The UKRO team will be competing against 8 other teams in the 'Regional Extrication' competition in Hampshire in July, demonstrating how efficiently and quickly they can remove casualties from Road Traffic Collisions. Their ultimate goal would be to win the 'World Rescue Organisation Championships' this Aug. Good Luck guys, lets all keep our fingers crossed for the team.

If anyone would like more information please contact rb health and safety solutions ltd publicity department and we will be happy to discuss the details of this sponsorship, which we believe to be a first (fire brigade receiving sponsorship from a health and safety firm)
