

Free Shipping Without Restrictions at DtiCorp.com

Independence Day Sale - DtiCorp.com offers FREE Shipping on all domestic orders

June 27, 2009 (FPRC) -- Fort Lauderdale, FL – DtiCorp.com (<http://www.DtiCorp.com>), an online discount retailer of thousands of HVAC (Heating, ventilating, and air conditioning) products, is proud to announce a change in their shipping policy that will delight their customers - FREE Shipping on all domestic orders. This offer applies only to DtiCorp.com (<http://www.DtiCorp.com>) purchases made between June 28th and July 5th, 2009. Applies only to products sold by DtiCorp.com. Does not apply to products sold through third-party areas such as Amazon.com Marketplace, eBay Auctions, zShops or Yahoo.com.

The changes have already taken effect at their online catalog for all Honeywell products. At this time, some larger products (Grundfos and Armstrong Pumps) still carry a shipping charge. Most of these products are very large, and typical customers are willing to pay for home delivery and/or installation.

Thanks to customer feedback, the checkout process is now simpler and the shipping fee (if applicable) is clearly stated. Visitors to the online catalog will know exactly how much they are spending before they begin the checkout process.

As a leading supplier of HVAC products, DtiCorp is excited about the new shipping policy because it is very competitive. They are pursuing this aggressive strategy in order to lower costs to the customer. John Marino, Vice-President in charge of Sales for DtiCorp, elaborates: "We are taking this opportunity to offer the most competitive shipping policy available on these products. By passing these savings on to our customers, we hope to remain their first choice for Honeywell HVAC products and accessories."
