

## **Seven Year Old Author Inspires Other Youths To Become Authors**

*Seven year old, African American Brooklyn Wright creates an educational activity and coloring book about President Barack Obama.*

December 16, 2009 (FPRC) -- ATLANTA, GA - Brooklyn is a 7 year old student from Atlanta, GA. One day while her mother was preparing to watch one of the Presidential debates, Brooklyn asked 'didn't we watch a debate before?' Her mother responded yes..., it takes a lot to become the President. Brooklyn who was working on a maze, 'added it's like this maze, Mr. Obama is on one side and the White House is on the other and he has to make it through the maze to get to the White House.' She drew the maze. From there she along with her mother decided to do an activity book so kids could learn about the President while having fun. Brooklyn chose her favorite activities and they created some unique one's as well. Brooklyn's favorites are the paper dolls.

Since the release of her book, Brooklyn receives email and letters daily from other kids and parents congratulating her and letting her know how inspiring she is to them.

Barack Obama Activity & Coloring Book (also available in Spanish) is a 55 page completely custom drawn activity and coloring book. It is packed with fun and educational puzzles including, word search, word scramble, dot to dot, color by number, complete the picture, seek and find and many more. It also includes paper doll cutouts, Obama Money cutouts and finger puppet cutouts. Most importantly it includes pages of information on President Obama, The First Lady and Vice President Biden, which makes it a great learning tool. Barack Obama Activity & Coloring Book is fun for the entire family!

### **REVIEW**

This is a fabulous coloring and activity book. It reminds me of all the best things from the Highlights Magazine (the best part of going to the dentist). Not only is there the story of who Barack Obama is, but the entire book is about him and his charming family, instead of only a couple of pages, as was the case in a different Obama coloring book I bought. It would be a very cool keepsake of this historical time, so buy one for yourself and one for all the kids in your life!
