

Beauty Call Enters The 2013 Wedding Industry Awards

The leading UK wedding hair and makeup agency is proud to announce that it has now entered the prestigious 2013 Wedding Industry Awards within the London and South East regional category.

October 20, 2012 (FPRC) -- Founded by Damian and Anna Bailey to 'recognise and reward excellence in the wedding industry', the Awards themselves are supported by Square Meal Venues & Events and Guides for Brides, a well-established online wedding directory.

Entries are judged by an experienced panel of wedding professionals and the winners of the regional categories will be announced on the organisation's website at the end of November. National award winners will be announced at the Awards ceremony itself, which will take place in January 2013.

Clients of the company's franchisees can support their favourite wedding hair or makeup artist by heading over to the Wedding Industry Awards' website and searching for the agency by using the 'Find A Supplier' tab. Please note that eligible couples are only allowed to vote for Beauty Call if they used this supplier for their own wedding. Voting closes at 5pm on October 31st 2012, so, as a representative from Beauty Call explains, it's important that clients act quickly to make sure their votes count.

"Our nationwide franchisees have had a highly successful 2012 and we hope that they gain the credit they deserve for the outstanding work they've provided for our bridal clients this year," he adds. "This award is particularly covetable because the results are ultimately determined by our clients' positive feedback."

Beauty Call is a UK-based makeup artist and bridal hair agency, employing a wide network of freelancers that service hundreds of towns and cities up and down the country. Contact the company by calling 0845 051 0951, or visit <http://www.beautycall.co.uk> for more details.
