

Taylor Moldmen Now Offer Mold Inspection, Testing, and Removal for Properties in Cebu and Visayas, Philippines

Merley and Hank Taylor have introduced high-tech mold inspection, testing, and removal for real estate properties in Cebu, Philippines.

March 27, 2013 (FPRC) -- Cebu, Philippines. Taylor Moldmen have just introduced high-tech mold inspection, mold testing, mold remediation, mold removal, and mold prevention for houses, offices, workplaces, commercial buildings and public buildings in Cebu City, Carcar, Consolacion, Danao, Lapu-Lapu, Mandaue, Minglanilla, Naga, Talisay, Toledo and anywhere else on Cebu Island.

Taylor Moldmen also provide mold and environmental hygienist services in Camotes, Ormoc, Tacloban, Leyte, Bacolod, Dumaguete, Negros Island, and elsewhere in the Visayas and Mindanao.

Taylor Moldmen professional staffers are Merley Martinez Taylor and her American husband Hank Taylor, who are both Certified Environmental Hygienists, Professional Industrial Hygienists, Certified Mold Inspectors, Certified Mold Remediators, and Certified Ozone Professionals.

Many Cebu-area homes and commercial buildings have substantial and dangerous toxic mold growth, both visible and hidden inside wood walls, ceilings, floors, attics, and crawl spaces, plus inside air conditioning equipment, ducts, and room air conditioners.

Exposure to elevated levels of indoor toxic mold can cause serious health problems for occupants. The top dozen mold health problems, according to the U.S. Government, are:

1. Asthma, asthma triggers, or asthma symptoms (such as episodes or attacks)
2. Upper respiratory tract symptoms
3. Eye symptoms
4. Skin symptoms
5. Allergies or allergic reactions
6. Wheeze
7. Cough
8. Difficulty breathing, trouble breathing, or shortness of breath
9. Infections (including those affecting people who have chronic lung disease).
10. Adverse effects to the nervous system
11. Fungal colonization or opportunistic infections in immune-compromised individuals and
12. Hypersensitivity pneumonitis.

For more information on Cebu-area mold inspection and remediation, phone Merley and Hank Taylor at 0912-481-7637, or email moldmen@att.net, or visit their websites: www.ceburealestateproperties.com and www.mold.ph.
