

Pacczone Announces Special Post-Holiday Pricing for Luxury Mobile Device Accessories

With many consumers having received new smart devices for the holidays, Pacczone is offering discounted prices on popular phone and tablet cover options

February 4, 2014 (FPRC) -- Pacczone, New Zealand's leader in smart phone and mobile device accessories is pleased to announce special, discounted prices on popular phone cases. The special prices are a post-holiday offer, as many people received mobile devices and the newest smartphone models as gifts, and are now accessorizing these items.

One of the most popular and extensive ranges currently discounted by Pacczone is the Galaxy S4 Spigen Ultraflip Case. The luxury case is specifically designed not only to provide the utmost in functionality, but also to highlight the features of the Samsung Galaxy S4. The case is sleek and ergonomically designed, and offers a microfiber lining to protect the phone's screen when stored within.

The Ultraflip Case gives all-around protection for the device, and the hard frame protects against external impact. It doesn't require removal of the phone's battery cover, and the case also features a unique speaker hole and earpiece opening, allowing the user to speak on the phone, even when the case is on. The Ultraflip case is available in a variety of color options and is one of several Samsung Galaxy S4 accessories currently discounted (<http://www.pacczone.co.nz/shop/41-samsung-galaxy-s4-accessories>).
