

Demon's Cycle Launches New Forward Controls for Harley-Davidson Big Twins

Demon's Cycle has received over 20,000 new pairs of forward controls for Harley-Davidson Big Twins.

July 28, 2014 (FPRC) -- Demon's Cycle Inc., a custom Harley motorcycle builder and custom motorcycle parts supplier, is pleased to announce that it has added new models to its already extensive line of custom forward controls for Harley-Davidson motorcycles. The new forward controls fit all Harley-Davidson Big Twins models from 1936 to today.

The Big Twin's forward controls place the foot pegs, brake pedal and shift peg towards the front of the frame. The result is that the riders legs are extended forward. Changing these controls is an easy way to customize the style of a Harley-Davidson Big Twin.

The new stock of forward controls, which come in Chrome billet and Black billet, are all CNC machined out of aircraft quality 6061-T6 aluminum.

“Here at Demon’s Cycle we have a passion for customization! Changing the forward controls allows Big Twin owners to easily alter the style and riding position of their bike,” said Tom Steinbacher, owner of Demon’s Cycle. “We have forward controls, in stock, for Big Twins 1936 to 1999 and from 1999 to present.”

Demon’s Cycle also carries a large stock of corresponding handlebars, hand grips and hand controls. Along with other essential Big Twins replacement part.

Demon's Cycle strives to offer its customers the most affordable custom parts, but without sacrificing quality. The new forward controls for Harley-Davidson Big Twins are no exception.

About Demon's Cycle

Based in Pompano Beach, South Florida, Demon's Cycle is a multi-million dollar international custom motorcycle wholesale parts company. It was started more than nineteen years ago by Tom Steinbacher and has developed a reputation as a pioneer of radical motorcycle designs, euro style bikes and custom Harley chopper concepts. As well as building custom motorcycles and selling rolling chassis, Demon's Cycle specialize in the sale of custom parts for Harley-Davidson motorcycles. They offer a wide range of parts including handlebars, hand controls, tires, gas tanks and turn signals.
