

Lawn Service Network Expands to Oviedo Fl

Hodapp Lawn Service joins forces with Your Neighborhood Lawn Service LLC

December 1, 2014 (FPRC) -- Oviedo, Fl. -- Hodapp Lawn Services has joined up with Your Neighborhood Lawn Service LLC to help service the rapidly growing population in the Oviedo and U.C.F north east Orlando areas, The joint network offers several quality Oviedo lawn care packages at affordable prices anyone can afford, from the student renter - to the home owner - to the business owner.

“Forget the rest Hire the BEST” that is the network’s motto

The Managing Member of Your Neighborhood Lawn Service LLC states, everyone is very excited to be teaming up with Hodapp Lawn Services, it positions the network to continue the expansion phase throughout the Oviedo area. This allows us to service another 100 residential, many commercial customers with this joint effort. Never under estimate the power of forces united together.

As the network continues to grow in the Oviedo community the companies would like to reach to churches and non-profits in the area and offer lawn services at discount prices or even free of charge to any members that may have fallen on hard times. Like a widow or single mom that just don’t have the time or means to care for their property.
