

Tim Holdy Receives Three Separate Advanced Certifications In Real Estate For 2016

The Holdy Realty Team's Tim Holdy has been awarded three advanced Designations and Certifications from industry bodies for 2016.

Jensen Beach, FL -- February 12, 2016 (FPRC) -- The National Association of REALTORS® and its affiliated Institutes, Societies, and Councils provide a wide-range of programs and services that help members increase their skills, proficiency, and knowledge. The Holdy Realty Team at Real Estate of Florida is happy to announce that REALTOR Tim Holdy has been awarded three different designations and certifications for 2016. He is now a Seniors Real Estate Specialist (SRES®) and Resort & Second-Home Property Specialist (RSPS) holding both an e-PRO® Internet Professional Certification (e-PRO®) and an At Home With Diversity Certification (AHWD®), making him one of the most qualified real estate agents in Florida.

The Seniors Real Estate Specialist Designation (SRES) is accredited by the SRES Council of the National Association of Realtors. Holdy successfully completed a comprehensive course in understanding the needs and goals of real estate buyers and sellers aged 55 and older. SRES designees are trained to compassionately counsel seniors and their families through major financial and lifestyle transitions in relocating, refinancing or selling a family home.

The RSPS Certification is a nationally recognized certification awarded by the National Association of REALTORS to real estate professionals who demonstrate and promote their expertise in the resort and second home specialty.

NAR's e-PRO® certification enables Holdy to use cutting-edge technologies and digital initiatives to link up with today's tech savvy real estate consumer, while The At Home With Diversity certification has helped him to master business conduct sensitive to all client profiles and build a business plan to successfully serve them.

Real Estate Agent in Jensen Beach, FL Tim Holdy said, "I am proud to have earned these Designations and Certifications. I take my real estate education very seriously. I have completed nearly 80 additional hours of education courses beyond the minimum required for license renewal. While nothing beats the experience that comes with being a daily practitioner, I am committed to expanding my knowledge by taking career-building education classes such as those in designation and certification programs."
