

City Car Transportation Launches New Campaign With 20% Off For New Customers On Their First Naples Limo Use

City Car Transportation operates in Naples, Florida, and can now make riding in a Limo cheaper than getting in an Uber, thanks to a generous 20% discount for first time users.

San Francisco, CA -- February 23, 2016 (FPRC) -- Transport options are becoming more and more diverse by the day in America, as Uber has successfully disrupted the cab industry and blown the wider market wide open, as other companies begin to innovate to offer a superior service to more clients than ever before. One company that has a reputation for excellence for over a decade is City Car Transportation, which has created a new deal to offer a saving of 20% to all first-time customers.

The new deal will make riding in a Limo Service in Naples FL cheaper than using a Taxi or even an Uber, and individuals will be transported in style in the latest luxurious town cars, SUVs and sedans. The special offer is available for a limited time only, but can be redeemed on anything from business travel to airport transfers, making it a great time to try the company out.

Their website features a full accounting of their services and fleet of vehicles together with a profile of their business and key staff, so individuals can fully appraise themselves of the options available to get the best out of the deal by using for it a large booking or simply save on a last minute cross-town journey.

A spokesperson for City Car Transportation explained, "We are pleased to be able to announce our great new offer on Florida limousine services throughout Naples and the surrounding area, helping individuals have a great travel experience throughout this beautiful part of the world for less than they might expect. The deal enables people to save an amazing 20% on their first journey with us, so we encourage everyone to think about how they can make the most of this amazing incentive while it lasts, and book some serious journeys in comfort and luxury for amazing value."
