

Smythe Jewellery Launches Free To Enter £500 Competition To Launch New Members Club

Smythe Jewellery has created a competition to help celebrate the launch of their new exclusive members' discount club, with £500 worth of prizes to be given away.

London, UK -- February 29, 2016 (FPRC) -- Members clubs are a hallmark of exclusivity and privileged access, enabling individuals who are a part of them to access things others can only be envious. This format may seem a little old fashioned in the 21st century, but Smythe Jewellery has repurposed the concept for a brand new venture. They will allow people to become members for free, and enjoy a minimum saving of 25% on all jewellery. They are promoting the launch with a competition, which includes five hundred pounds' worth of prizes.

The prizes will be given to people who sign up to the new members club in the pre-launch phase, in the form of ten fifty pound vouchers to spend on jewellery in the store and experience how it works for themselves. Every purchase is to be accompanied with a free gift on top of the initial discount, whether individuals buy a charm for a bracelet or this love heart necklace from Smythe Jewellery Club.

What's more, members will also get first access to many of the items available, as well as exclusive editorial content from the Smythe Jewellery team, as well as continuing competitions to win jewellery.

A spokesperson for Smythe Jewellery explained, "We have been hard at work developing the new members club for months now, and the final preparations are in place. This competition will offer people the opportunity to get their hands on incredible items for market leading prices, offering them the chance to save money as well as win jewellery and get free gifts with every purchase, enabling a potential three for one discount deal. This is unbeatable anywhere on the web, and that's why individuals should sign up now before the official launch to give themselves a chance at this amazing giveaway."
