

Signs and Print Ltd Offering Free PVC Banners for Schools and Charities

The established sign maker is providing customised PVC banners to local schools and charitable organisations free of charge.

May 24, 2016 (FPRC) -- Signs and Print Ltd is now offering free PVC vinyl banners to schools and good causes throughout Essex, London and the UK.

A free design service is also included in this exclusive deal to ensure a quick and easy production process.

Lee Reeves, Managing Director at Signs and Print Ltd, is keen to use his latest offer to encourage long-term relationships with local non-profit organisations.

'If the customer decides to order from us again after claiming their free PVC banner, they will receive all of their future goods at trade prices. This will ensure that their ongoing advertising needs are met at the lowest possible cost,' he says.

'All we're asking for in return for the free initial product is a link back to our website from the customer's own website,' adds Lee.

Whether they are used to promote an event, announce a well-deserved accreditation or simply signpost guests to main reception, PVC banners are the ideal all-weather signage solution. Signs and Print Ltd's fully customisable 440gsm vinyl banners are long-lasting, B1 fire rated and fade and scratch resistant, ensuring they are perfect for use in a wide range of locations.

The company supplies its PVC banners in a variety of sizes and finishes in order to meet any and all advertising requirements from its customers.

Schools and charities can take advantage of this excellent offer by contacting Lee and the team directly.

-END-
