Premiere Mortgage Services, Inc. is celebrating their 20th Anniversary, which commemorates 20 fulfilling years in business. This is a huge milestone for the Sterling, MA-based Mortgage Broker business, which has provided home mortgage loans to homeowners since 1996.

Premiere Mortgage Services got it's start in 1996 when founder Dana Bain and his wife Robin decided they could offer the absolute best service and pricing model over their competition. In addition they have operated out of their home office from day one and have been fortunate enough to always be there for their two daughters while they were growing up.

One of the earliest challenges Premiere Mortgage Services faced has been how the mortgage banking business has always been and continues to be in a state of change with new rules and regulations that require adaptation. These changes require continual learning of new protocols and procedures via industry continuing education programs (CE) and strict federal licensing requirements. All the while making sure to protect the consumer.

While every business of course faces challenges, some, like Premiere Mortgage Services are fortunate enough to enjoy real successes, wins and victories too. Once such victory has been the ability to be there for their two daughters were growing up. In addition, being able to build both their dream home and business while helping so many customers purchase their dream home. They have also been able to save existing homeowners thousands of dollars with refinancing options while providing some of the best mortgage rates and programs available.

Dana Bain, President at Premiere Mortgage Services was also quoted when discussing another big win. "One of the high points of Premiere Mortgage Services' history so far has been capitalizing on today's technology and communication tools. This has allowed us the great fortune to serve so many happy homeowners in both Massachusetts and New Hampshire."

Premiere Mortgage Services, Founder, Dana Bain says "We're delighted to be celebrating our 20 Year Anniversary. I believe the secret to getting this far in business today is perseverance and an incredible partner in my wife Robin. We're blessed to have a large client base of happy and loyal customers and real estate professionals."

Premiere Mortgage Services currently has big plans for the upcoming year. One of their core objectives is to become the primary source of mortgage loan financing for both Massachusetts and New Hampshire homeowners.
