

Thermalabs Launches Brand New 'Beach Please' T-Shirt

Thermalabs has introduced a new T-shirt meant for beach use.

October 25, 2016 (FPRC) -- Thermalabs has launched a brand new T-Shirt meant for the beach. Labeled 'Beach, Please', this is a classic piece of beachwear that's 100% cotton, and available for both genders.

Thermalabs is one of the most prominent names in the global cosmetics industry today. The company was established some three years ago in New York City, United States. Thermalabs is the most innovative producer of top-rated tanning product and accessories. Thermalabs launched its initial release sometimes in 2013 which was a self-tanning lotion going by the name 'organic self-tanner'. This product was made from unique ingredients such as green tea and aloe Vera. The product won several trending awards on Amazon.com and dominated top lists on major e-commerce marketplace. By the end of the first year, the company had managed to garner over 50,000 customers from all over the world.

In the recent time, Thermalabs has been segmented into various new branches. The brand first move was to launch a new division –namely Supremasea. This sub-brand takes care of all skin care products based on mineral salts extracted from the Dead Sea. The other sub-brand that Thermalabs has put forward is Tent World. This division has everything to do with firms top –quality beach related and sporting tents. Thermalabs has put a lot of interest on the beach products. The first product that Thermalabs released was Mercury beach tent and later on the Life is better in flip flops t-shirts which were a top hit in the market. Thermalabs has said that it will be changing its slogan from tanning best products to 'life's a beach 'due to the increased demand of beach products globally. The company will be finalizing n its beach chairs soon and later to be launched on Amazon.com considering that Thermalabs sells its products here.

The new t-shirts that the company has introduced includes 'Life is Better in Flip Flop', 'Beach please 'among others. All these t-shirts are available in various colors such as gray, white, black, and green and blue. With a small team of talented researchers the company has given each t-shirt a captivating text and mark label that is adaptable to the beach environment. The Beach please t-shirt is 100% cotton and can be cleaned through machine washing at a dry low heat. Thermalabs has said that the t-shirts are available in various sizes for kids, children, and women. The t-shirts are lightweight thus no much hustle while wearing it.

The company has said that the product is available for the interested customers on Amazon.com. This is an online marketplace where Thermalabs sells its entire product after being introduced. Interested customers and beach-goers can order for the T-Shirt from the company's official website - <http://www.thermalabs.com/home/>.
