

Mentalist Ehud Segev's December Schedule Almost Full

The Mentalizer's December performances schedule nearly full, says Mentalizer Education.

November 9, 2016 (FPRC) -- Mentalizer Education has said that Mentalist Ehud Segev's December performance slots nearly full. This is an interesting announcement for one of the world's leading mentalists. In addition to training corporate employees and leaders and body language, mentalist Ehud Segev has been known to be an avid performer. He travels the world, entertaining special guests at events such as birthday parties, company launches, and annual commemorations. December is usually the busiest performance month for the Mentalizer. Last year, his December calendar covered events in New York, London, New Delhi, and Japan, among other destinations.

Mentalizer Education is Ehud's organization, which follows his work around the world, as well as offers educational materials for free and for sale. In recent times, the organization introduced Professor Ponzey, a new children's book brand that will be focusing on molding kids into responsible beings. Professor Ponzey's first book, titled 'Professor Ponzey and the Truth Potion', is already out and available on Amazon's Kindle marketplace. Ehud Segev uses his deep understanding of psychology to create lessons that directly appeal to kids and influence them to be more obedient, hardworking, and to pursue other positive qualities.

Ehud was born in the Israeli city of Safed in 1979. Growing up, his family moved to Upper Galilee, where he spent most of his time at the local library, reading books on cryptic subjects such as mind reading, mentalism, and body language. By the time he was 16 years old, Ehud was already attracting attention from local media outlets. When he was 19 years old, he successfully predicted the winner in a mayoral contest, choosing from 12 candidates and just relying on a face photo. Since then, Mr. Segev has traveled the world, performing and exhibiting his unique skills to diverse audiences. He has entertained U.S. service members serving in far away basis, as a result of which he was awarded an EB-1 classification by the U.S Department of Homeland Security. This essentially made him a permanent resident of the U.S. Ehud has also been featured on multiple local and international media houses. He appeared among other contestants on NBC's hit show, 'Phenomenon', thrilling audiences across the nation.

Among other things, Mr. Segev can bend a spoon with his mind, and send credit cards flying. Most of his fans and critics refer to his skills as magic. But he is often quick to point out that he just taps into the innate powers of the human mind.

"We'd like to let our corporate partners and fans know that Ehud Segev's December schedule is nearly full. We are issuing this statement to avert a hectic performance calendar, as was the case December last year. Mr. Ehud will be performing in several major cities around the world and we'll keep you updated on his whereabouts and what he's accomplishing. For fans who'd like to enjoy some more tricks, keep your eyes open this holiday season," said Hannah Tiram, a PR employee at Mentalizer Education.
