Portland, United States - November 15, 2016 /PressCable/ -- Naegeli Deposition and Trial, a court reporting firm headquartered in Portland, Oregon, is proud to announce that they have received a number of rave reviews on Google Plus for their Seattle location (<https://naegeliusa.com/seattle/>). This highlights just how effective their court reporting services truly are.

Richard Teraci from Naegeli Deposition and Trial says: "Having an excellent online reputation is vital to our success. These reviews show our potential clients that we are professional, fast, and accurate. We encourage legal firms that have not done business with us yet to read the reviews and see what our customers are saying about us."

At the heart of Naegeli Deposition and Trial, as shown on their website at <https://naegeliusa.com>, lies the idea of helping legal firms with their court reporting, transcriptions, and trial support in a professional manner. To achieve this, the company offers twenty-four-hour service, verbatim reporting, and a dedicated case manager. Also, the company is HIPPA certified. This and more is something that has been greatly appreciated by their customers. "I recently conducted an all-day deposition at Naegeli-Seattle. It was my first experience with them and not only did they provide a first class facility, the staff provides a courteous and professional service. Highly recommend." says Richard A. on the Google+ site.

"Our firm uses a number of transcription services from all around our area (sometimes outside our area). However, my experience is that Naegeli is the best to work with. They are professional, fast, accurate and are so wonderful to work with. They are easy to reach at any time and are always helpful! Everyone at Naegeli is personable and friendly. I have the benefit of being located close to their Seattle office and we get personal delivery when our transcripts or projects are completed. I highly recommend that you reach out to Naegeli for your case needs." Stacey H. says on the Google+ site. Other reviews on Google+ are similar to Stacey H. and Richard A. They also mention that they were impressed at how fast their service was and the high level of accuracy.
