

Cloud Product Lifecycle Management Market By Product, Scope, Overview, Analysis And Forecast To 2020

Global Cloud Product Lifecycle Management Market, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years.

Global Cloud Product Lifecycle Management Market, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. December 2, 2016 /MarketersMedia/ -- Many manufacturing companies require PLM software, as it helps deal with different functional levels of an organization such as design engineering, product designing, and manufacturing. The need for managing a product from the concept to servitization has led to the emergence of PLM software and services. The rising product complexity and increase in product portfolio across organizations have fueled the need for a system that provides solutions to the production process across industries. The implementation of PLM in an organization provides higher revenue, reduces the cost of production, and enhances capital efficiency.

Publisher's analysts forecast the global cloud PLM market to grow at a CAGR of 8.79% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global cloud PLM market for 2016-2020. To calculate the market size, the report considers both direct revenue and indirect revenue of the vendors. In addition, we have only considered DM, cPDM, and CAD software.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Publisher's report, Global Cloud PLM Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- PTC
- Siemens PLM
- AutoDesk
- Dassault Systems

Other prominent vendors

- Aras
- Arena
- Omnify
- Oracle Agile
- Infor

Market driver

- Reduction in operations cost

- For a full, detailed list, view our report

Market challenge

- Increased concern for data security

- For a full, detailed list, view our report

Market trend

- Increased role of cloud PLM in IoT supporting devices

- For a full, detailed list, view our report
