Super Comfortable Headband For Swimming and Running

5-19-17

FOR IMMEDIATE RELEASE

Philadelphia, PA

Fleetwood just released their latest version of the headband for swimmers and runners. The newly designed head band is super comfortable and features a reversible, two sided color scheme. The headband is made of a very soft but durable neoprene and is adjustable, using a velcro strap. The Fleetwood swimmers headband is ideal for use while swimming or running by keeping water out of ears and ear buds in while running. The neoprene material wicks away moisture from the face making it perfect for running and working out to keep perspiration out of the eyes. It is machine washable and very easy to keep clean.

Features include:

ultra durable 4 mil thick neoprene - this comfortable headband will last for many seasons

machine washable - makes it super easy to keep clean and fresh

adjustable - fits comfortably by using the fully adjustable velco strap

reversible - comes in cool blue or pink on one side and is reversible for use as black on the other side

comfortable - the super soft neoprene headband is so comfortable that its hard to tell that its being worn

Nora Ruffels, president of Fleetwood said "we have tested the new headband on multiple live subjects and they absolutely love it. It is so soft and does such a great job wicking water away form the surface of the skin that it is a great piece of apparel for swimming, running and working out. We also tested the color choices of many subjects and the consensus was to offer it in blue or pink with black as the reversible color." Ruffels also said that the headband will carry a 12 month unconditional guarantee.

Fleetwood has been in business since 2015 offering an array of innovative, high-quality products.
