

Thermalabs Bronze Spray Tan Tent Launches

Thermalabs has launched a new spray tan tent

May 20, 2017 (FPRC) -- Thermalabs today introduced its Bronze Spray Tan Tent. This is a brand-new tent that's meant for use with the company's spray tanners and airbrushing machines. This is the third tent that the company has introduced over the last few months, in addition to its Black and Pink Spray tan tents. The company has also produced at least 6 distinct airbrushing machines. Apparently, Thermalabs is looking to establish itself as the go-to provider of airbrushing systems and accessories around the world.

Thermalabs is a premier supplier of self-tanners, tanning accessories, beach-convenience products, airbrushing machines, and skin care accessories. The company is segmented into four distinct sub-brands, each of which is responsible for a particular category of products. Thermalabs Air is the sub-brand in charge of all airbrushing system by Thermalabs. On the other hand, Tent World manufactures outdoor beach tent for the firm, while Supremasea is in charge of top quality skincare products by the firm.

The company has so far furnished the market with nearly four dozen different products in various niches. Some of the company's most popular releases include organic tanning lotions, tanning accessories such as the Ultimitt, beach chairs, beach beds, outdoor shelters, and skincare products that are based on Dead Sea salts.

The company's bronze spray tan tent is designed to serve as a shelter for users who are looking to airbrush or spray tan. By getting into this tent, users can eliminate any chances of self-tanner or makeup stains will land on walls, seats, or other objects within indoor environments. The tent can also be used outdoors with great results. According to Thermalabs, the bronze spray tan tent is meant for use by both individual and business client. The company has said that the tent is durable, and extremely easy to use. It features an instant-popup assembly that makes it easy to set up for use, and dismantle after use. Since the new tent doesn't have any logo, tanning salons and other businesses in the cosmetics industry can custom-brand this accessory.

Alex Howard, Thermalabs marketing coordinator, said, "Thermalabs has just introduced a brand-new tent bronze spray tan tent. This is a premier full-sized tent that can be used when spray tanning, and with all airbrushing applications. This product underscores our commitment to furnish our audience with a selection of durable, top-quality airbrushing accessories. Since this new tent doesn't include a Thermalabs logo, tanning salons and other businesses can custom-brand it. Our bronze spray tan tent is available to users via Amazon.com, as well as via official shopping site – Thermalabs.biz. Keep it Thermalabs for information on more exciting launches soon."
