Ehud Segev is also known as 'The Mentalizer', which is short for 'The Mental Analyzer'. Born and raised in Israel, Ehud is best known for the international mentalism TV Show 'The Successor' that broke strings of records and achieved incredible ratings worldwide. Ehud's path to mentalism started with he was a young boy, growing up in Upper Galilee. At one time, the local librarian was so surprised at the Ehud's reading patterns that he required a written permission from his mother. Ehud's unique abilities continued to grow till he was 19 years old, during which time he correctly predicted the winner of a mayor's election by just looking at photos of the contestants. He has since traveled the world and performed in cities from New Delhi to New York, and London to Sarajevo.

Ehud is also the best-selling author of two books: *Secrets of the Voice*, and *9 Steps to Influence*. Both of these books educate readers on how they can read body language and influence people. The second book, *9 Steps to Influence*, offers a crash course on mentalism. Users can get Ehud's books online at Amazon Kindle.
