

Mentalizer Education Launches New Site – Mentalizer.net

Mentalizer Education added a new website for its brand.

June 22, 2017 (FPRC) -- Mentalizer Education, an organization that educates people on body language, mind reading, mental toughness, effective communication and success, has added a new domain extension to increase its web presence. The official domain name for Mentalizer Education is mentalizer.com, but the firm has also introduced Mentalizer.net, which will essentially provide information on its activities, as well as allow people to book performances from Ehud Segev.

Mentalizer Education is an organization by Ehud Segev, one of the world's most renown mentalists. Wikipedia defines mentalists as people who do a combination of magic tricks to entertain and thrill people. BestMentalist.com, a website that tracks and ranks mentalists, has ranked Derren Brown, David Blaine, Ehud Segev, Marc Salem, The Amazing Kreskin, Uri Geller, and Marc Helfand as the world's best mentalists in 2017.

Ehud Segev was born in the Israeli city of Safed, and grew up in Upper Galilee. In his early years, the young Ehud would spend a considerable chunk of his free time reading books, on body language, mind reading, mysticism and other not-so-everyday topics at the local library. Ehud apparently had an interest in the supernatural, and his mother was supportive enough to let him develop this closely-held fascination. By the time he was a teenager, Ehud was already able to predict the winner of a mayor's election just looking at photos of the contestants. This brought him national recognition in Israel, and the country's media dubbed him the 'Mental Analyzer'. Today, Mr. Ehud is commonly referred to as the Mentalizer.

Mr. Ehud has since travelled the world and entertained guests in major cities around the world. While most of his performances are entertainment in nature, others are designed to help educate corporate employees on important skills such as body language and communication skills. Ehud's latest performance was in New York City, where he entertained a sizeable group of people at the rooftop of 433 Broadway. Mentalizer Education has also said that Ehud is scheduled for many other performances in the remaining part of this year.

Mentalizer.net, the new site, introduces visitors to Ehud Segev, and goes on to demonstrate a number of big TV presences that Ehud has made over the years. The website also runs a summary video that highlights some of Ehud's moments on the stage. Individuals who are interested in booking his services can do so via the booking page. There's also a contact page where visitors can directly get in touch with the Mentalizer for any reason whatsoever.
