

Nero Marquina, By TheSize wins prestigious Red Dot Award

Davinci Stone Works announces the winner of the prestigious award the Red Dot 2017,

TheSize Spanish company will receive the award for the new line of products Neolith.

July 13, 2017 (FPRC) -- Davinci Stone Works announces the winner of the prestigious award the Red Dot 2017, TheSize Spanish company will receive the award for the new line of products Neolith.

NERO MARQUINA

Inspired by the Spanish marble, Nero Marquina its characteristics attracted the attention of the judges due to the excellent technical skills applied, to achieve a design that perfectly reproduces this natural stone. Nero Marquina is a testament to the technical expertise present in TheSize (designer and manufacturer of NEOLITH® Sintered Stone). Achieving streaks of a pure white color on a black background with absolute precision requires a completely innovative technique and technology.

Available in 6 and 12 mm thickness and in Polished and Silk finishes, it is ideal for floors, walls, bathrooms and kitchen countertops, as well as furniture. In addition, Nero Marquina is also available in Bookmatch, the well-known "mirror effect" capable of providing a perfectly symmetrical drawing to any type of space.

DIGITAL DECORATION TECHNOLOGY

Nero Marquina is the result of the innovative Digital Decoration Technology NDD (Neolith Digital Design). This system has revolutionized and increased the design possibilities of NEOLITH® providing greater detail and a surprising degree of realism in Sintered Ceramic Stones.

Having received the first Red Dot in 2015, TheSize is proud to receive this important recognition from the industry for the second time. "We invest tirelessly in research and development trying to be at the forefront of our industry to offer the latest technologies of decoration and create unique designs, this being the essence that characterizes us, " says Mar Esteve, Marketing Director of TheSize. "We have come a long way since we won the first Red Dot in 2015, but we continue to push Neolith's design possibilities to the limit."

This international award is a benchmark in the Design industry as it recognizes the most revolutionary product designs in the world. For this a Jury composed of 40 members had to value 5,500 products from 47 different categories taking into account such important aspects as innovation, quality, functionality, and sustainability.

The Red Dot Awards Ceremony will take place on July 13, 2017 at the Aalto-Theater in Essen Germany. The Red Dot Design Museum in Essen will also have in exposition TheSize latest winners collection ClassStone and Neolith.
