August 30, 2017 (FPRC) -- From February 20 to 24 2018, Valencia hosts the Cevisama fair in the 35th edition of this international show that has been consolidated as the main event of the Spanish ceramic industry. Cevisama exhibits every year the potential of the ceramic sector and the main trends in architecture and its related sectors, such as frits, enamels and colors, but also shows the offer of bathroom and kitchen equipment, natural stone, raw materials, tiles and bricks, Tools for flooring and tiling.

Among the more than 750 exhibiting companies from Spain and the world who will participate in this edition of Cevisama, is the group Graphenano, who could not miss this essential meeting for architecture and interior design with its two brands dedicated to this sector. Thus, GRAPHENE core and Graphenano Smart Materials will present in Cevisama their shower and micro cement plates with graphene additive.

GRAPHENE core will give importance to its range Solid GRAPHEN, 100% ecological and recyclable: shower trays composed of the only material for sanitary furniture that has Cradle to Cradle Silver certification to sustainability and innovation. This material, Solid GRAPHEN can be seen in different models of shower trays, colors and textures. In Cevisama they will introduce the new wood texture.

Graphenano Smart Materials will present its micro cement with graphene, Smart Cover Microcement, in different colors and finishes.

Graphenano group invite you to visit our booth in Cevisama and know first hand our products. We are waiting for you at stand A43, Level 2, Pavilion 4 of the Valencia Fair.
